

ESALIENS 2035

risk and reward profile

investor's profile

The subfund is designed for:

PPK Employee Capital Schemes (PPK) participants,
1973-1977 born between 1973 and 1977.

The investors expect the investment to adapt to their age and retirement date and accept the level of risk attached to the investment.

investment process

As the subfund moves closer to its target date, it will make investments, taking into account the need to reduce the level of investment risk.

defined date of the subfund

2035

investment objective and investment policy

Investment objective. The purpose of the subfund is to increase the value of assets as a result of an increase in the value of investments.

Investment policy. The shares of the equity and debt parts in the subfund's asset value will be as follows:

- 1) starting from January 1st in the year in which the subfund reaches its Defined Date (i.e. 2035), the share of the equity portion will not be greater than 15% and will be gradually reduced so that as of December 31 of that year it amounts to zero %, and the share of the debt part may not be less than 85% of the subfund's asset value;
- 2) in the period of 5 years preceding the Defined Date, the share of the equity part may not be less than 10% and greater than 20% of the subfund's assets, and the share of the debt part may not be less than 70% and greater than 90% of the subfund's asset value; during this period the share of the equity part will be gradually reduced in favor of the debt part,
- 3) in the period of 5 years preceding the period referred to in point 2), the share of the equity part may not be less than 25% and greater than 50% of the subfund's assets, and the share of the debt part may not be less than 50% and greater than 75% of the subfund's asset value,
- 4) starting from the day of the creation of the subfund until the commencement of the period referred to in point 3), the share of the equity part may not be less than 40% and greater than 70% of the subfund's asset value, and the share of the debt part may not be less than 30% and greater than 60% of the subfund's asset value.

important information

Detailed information concerning ESALIENS PPK Specialized Open-End Investment Fund (the "Fund") is included in the Prospectus and the Key Investor Information Documents available on the www.esaliens.pl website and in written form in the registered office of the fund (Warsaw, 12, Bielanska Str.). The Prospectus as well as Key Investor Information Documents include the data required to evaluate an investment, outline the risks connected with participation in the fund, and inform on the related costs, charges and taxes. Before investing in the fund it is recommended to get to know the Key Investor Information Document issued for the selected Subfund as well as with the Prospectus.

Past performance is no guarantee of similar future returns. The Subfunds' performance is reported before capital gains tax. Individual return rates depend on the unit purchase and redemption dates as well as on the amount of administration fee charged and the amount of tax due. The Fund does not guarantee that the Subfund's investment objective or a specific investment result will be achieved. Fund participants must take into account the possibility of losing at least part of their investment. The fund may invest more than 35% of its asset value in securities issued or guaranteed by the Treasury or the National Bank of Poland, a local government unit or by the central public authorities or central bank of a Member State, the European Central Bank, the European Union or the European Investment Bank or by international organizations, provided that the securities issued or guaranteed by these international organizations have an investment grade rating assigned by a credit rating agency recognized by the European Central Bank in their operations, as well as deposits with a maturity of not more than 180 days in domestic banks or credit institutions within the meaning of the Act of 29 August 1997 - Banking Law, provided that these credit institutions have an investment grade rating assigned by a credit rating agency recognized by the European Central Bank in his operations.

The net asset value of the Subfund may exhibit high volatility owing to the composition of the investment portfolio.
