

# ESALIENS 2070

## risk and reward profile

Risk indicator is presented in accordance with the Key Information Document. The indicator is calculated based on the historical volatility of the subfund's rates of return resulting from the implemented investment policy and may change in the future. Even the lowest risk category does not mean that the sub-fund is risk-free. Other risk factors related to investing in the sub-fund, which are not included in the indicator, are presented in the Key Information Document and the Fund Prospectus.

## investor's profile

The subfund is designed for:

**PPK** Employee Capital Schemes (PPK) participants,  
**2008-2012** born between 2008 and 2012.

The investors expect the investment to adapt to their age and retirement date and accept the level of risk attached to the investment.

## investment process

As the subfund moves closer to its target date, it will make investments, taking into account the need to reduce the level of investment risk.

## defined date of the subfund

2070

## investment objective and investment policy

**Investment objective** of the subfund is to increase the value of its assets through the appreciation of its investments. The Fund does not guarantee that the subfund's investment objective will be achieved.

**Investment policy.** The shares of the equity and debt parts in the subfund's asset value will be as follows:

- 1) as of 1 January of the year in which the subfund reaches its Defined Date, the equity portion shall not exceed 15% and the debt portion shall not be less than 85% of the subfund's asset value,
- 2) during the 5-year period preceding the Defined Date, the equity portion shall not be less than 10% and shall not exceed 30% of the subfund's asset value, while the debt portion shall not be less than 70% and shall not exceed 90% of the subfund's asset value. Throughout this period, the equity portion shall be gradually reduced in favor of the debt portion,
- 3) during the 5-year period preceding the date referred to in item 2, the equity portion shall not be less than 25% and shall not exceed 50% of the subfund's asset value, while the debt portion shall not be less than 50% and shall not exceed 75% of the subfund's asset value,
- 4) during the 10-year period preceding the date referred to in item 3, the equity portion shall not be less than 40% and shall not exceed 70% of the subfund's asset value, while the debt portion shall not be less than 30% and shall not exceed 60% of the subfund's asset value,
- 5) from the date of establishment of the subfund until the commencement of the period referred to in item 4, the equity portion shall not be less than 60% and shall not exceed 80% of the subfund's asset value, while the debt portion shall not be less than 20% and shall not exceed 40% of the subfund's asset value.

The subfund is actively managed.

## important information

**This is an advertising information. This material does not contain sufficient information to make an investment decision. The promoted investment means the purchase of participation units.** Detailed information concerning ESALIENS PPK Specialized Open-End Investment Fund (the "Fund") is included in the Prospectus and the Key Information Document available on the [www.esaliens.pl](http://www.esaliens.pl) website and in written form in the registered office of the fund (Warsaw, 11a, Warecka Str.). The Prospectus as well as Key Information Document include the data required to evaluate an investment, outline the **risks connected with participation in the fund**, and inform on the related costs, charges and taxes. **Before investing in the fund it is recommended to get to know the Key Information Document issued for the selected Subfund as well as with the Prospectus.**

Past performance is no guarantee of similar future returns. The Subfunds' performance is reported before capital gains tax. Individual return rates depend on the unit purchase and redemption dates as well as on the amount of administration fee charged and the amount of tax due. The Fund does not guarantee that the Subfund's investment objective or a specific investment result will be achieved. Fund participants must take into account the possibility of losing at least part of their investment. The fund may invest more than 35% of its asset value in securities issued or guaranteed by the Treasury or the National Bank of Poland, a local government unit or by the central public authorities or central bank of a Member State, the European Central Bank, the European Union or the European Investment Bank or by international organizations, provided that the securities issued or guaranteed by these international organizations have an investment grade rating assigned by a credit rating agency recognized by the European Central Bank in their operations, as well as deposits with a maturity of not more than 180 days in domestic banks or credit institutions within the meaning of the Act of 29 August 1997 - Banking Law, provided that these credit institutions have an investment grade rating assigned by a credit rating agency recognized by the European Central Bank in his operations.

The net asset value of the Subfund may exhibit high volatility owing to the composition of the investment portfolio.
